WOODS

White Wood

Grade: Merchantable
 Thickness: 1", 2", 3", 4"
 Width: 2", 3", 4", 6", 8", 10", 12"
 Length: 13'

Red Meranti Wood

Grade: Merchantable
 Thickness: 2", 3", 4"
 Width: 4" - 12"
 Length: 8' - 24'

Red Wood

Grade: Merchantable
 Thickness: 2", 3"
 Width: 3", 4"
 Length: 10', 12', 15', 20'

Ash Wood

Grade: Kiln dried
 Thickness: 2"
 Width: Assorted
 Length: Assorted

Beech Wood

Grade: Kiln dried
 Thickness: 2"
 Width: Assorted
 Length: Assorted

Applications and uses:
 Wood is used for
 doors and door frames,
 Commercial Building
 wooden application,
 framing, molding
 balustrades and support
 structures and furniture
 High class interior

Maple

Thickness: 2" & 3"
 Width: 5" and above. Random
 Length: 8' and above. Random

Iroko

Thickness: 2"
 Width: 6" and above. Random
 Length: 8' and above. Random

Mahogany

Thickness: 2"
 Width: 6" and above. Random
 Length: 8' and above. Random

* Designs may vary

PLYWOODS

Oak Wood

Thickness: 2"
Width: 5" and above. Random
Length: 8' and above. Random

Teak Wood

Thickness: 2"
Width: 5" and above. Random
Length: 8' and above. Random

Walnut Wood

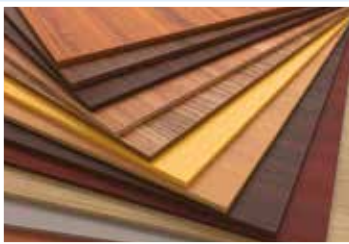

Thickness: 2"
Width: 5" and above. Random
Length: 8' and above. Random

Commercial Plywood

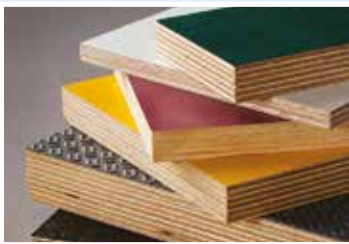

Grade: DBB / CC (MR Glue)
JPIC Standard
Thickness: 4, 6, 9, 12, 15, 18, 25 mm
Width: 4'
Length: 8' and 3' x 7' x 4mm

Marine Plywood

Grade: BS 1088 WBP Glue /
Marine Grade
Thickness: 4, 6, 9, 12, 18, 25mm
Width: 4'
Length: 8'

Film Faced Plywood

Grade: JPIC Standard
Thickness: 12 mm & 18 mm
Width: 4'
Length: 8'

WBP Plywood

Grade: BB / CC Grade WBP Glue
Thickness: 4, 6, 9, 12, 18 mm
Width: 4'
Length: 8'

Birch Plywood

Grade: BB / WG WBP Glue
Thickness: 4, 6, 9, 12, 18 mm
Width: 4'
Length: 8'

Birch Plywood

PLANK 2"X 10"X 6' - 9' - 12'

Applications and uses:

Plywoods are used for wooden framing, shuttering and cladding. It may be and cladding. It may be used for wall paneling, flooring and furniture.

PLYWOODS

Decorative Plywood

Grade: Beech / Teak with groove
Thickness: 4 mm
Width: 4'
Length: 8'

White PVC Plywood

Grade: White PVC Plywood
Thickness: 3.6 mm
Width: 4'
Length: 8'

Plain MDF

Grade: Medium Density Fiberboard
Thickness: 4, 6, 9, 12, 15, 18, 25 mm
Width: 4'
Length: 8'

Melamine MDF

Grade: Medium Density Fiberboard with melamine pressed
Density: 720-750kg / Colours- Plain and Wooden Colours
Thickness: 3, 6, 12 and 18 mm
Width: 4'
Length: 8'

Veneered MDF

Grade: Medium Density Fiberboard with Veneered
Beach / Mahogany / Ash / Maple / Teak
Thickness: 4, 12 mm, 18 mm
Width: 4'
Length: 8'

Applications and uses:
Melamine MDF, Veneered MDF, Plain MDF and Decorative boards and plywoods are used for interior decorations, wardrobes, kitchen cabinet and others.

Ivory Faced Softboard

Grade: Ivory Faced
Thickness: 12 mm
Width: 4'
Length: 8'

Laminates

Grade: Assorted Colors
Matt / Glossy
Thickness: 0.5, 0.8 mm
Width: 4'
Length: 8'

Parquet Flooring

Types: Laminated Flooring
Engineered Flooring
Solid Wood Flooring
(of all exotic wood species)

ALLIED PRODUCTS

Flexcell Bituminous Sheets

Grade: BS 1142 : 1989 Board
Thickness: 12, 18 mm
Width: 4'
Length: 7', 8'

Applications and uses:

Flexcell Bituminous are used as general purpose expansion joint filler in concrete slab and wall construction and as protection board for waterproofing membranes.

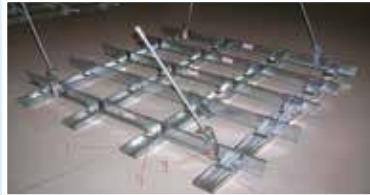

ALLIED PRODUCTS

Gypsum Ceiling Tiles

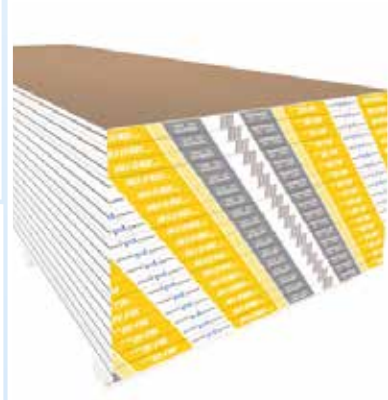

Sizes: 600mm x 600mm x 9mm
Also Available: Aluminium & Mineral Fiber tiles.

Gypsum Board & Accessories

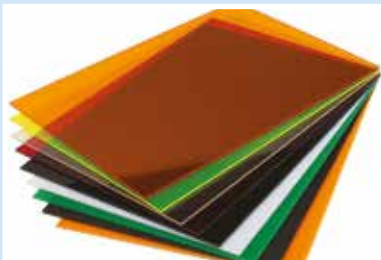

Range: Regular, MR & FR
Thickness: 12mm

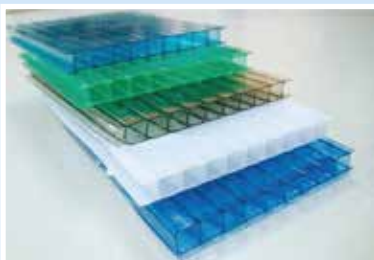

Length: 4 feet * 8 feet
Brands: All major brands

Acrylic Sheet

Thickness: 3,4 & 6mm
Length: 4' * 8' & 4'*6'
Colour: Clear & White

Poly Carbonate Sheets

Range: 1.7mm & 2mm
Size: 2*3mtr
Grade: Clear, Bronze, Green & Blue

Manhole Covers

Grade: BS-497-76, Single Seal & Double Seal
Size: Assorted
Spec: Cast Iron

ALUMINIUM SHEETS

We are pleased to introduce our Structural Steel Division and product range Guide along with the general specifications of the product. This is to assist you with your current and future specification related requirements. We cater to the top Engineering and Construction firms based in the region as a one stop shop for all the requirements.

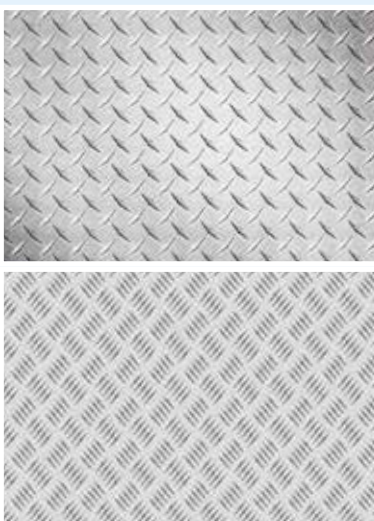

We continuously strive to ensure that our customers are receiving the best service in terms of quality price and delivery.

Aluminium Plain Sheet

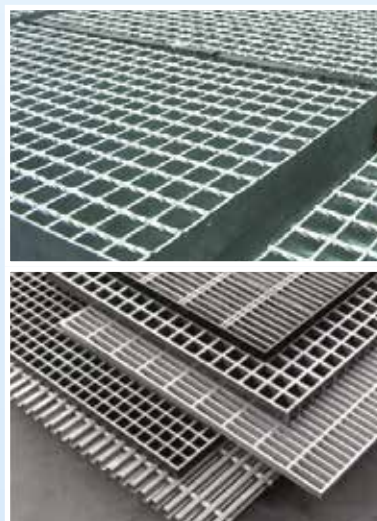

Range: 0.4mm to 6mm
Grade: A1050/H14, AA 1100/H14
JIS G 3302 SGCC/A653

Aluminium Chequered Sheets

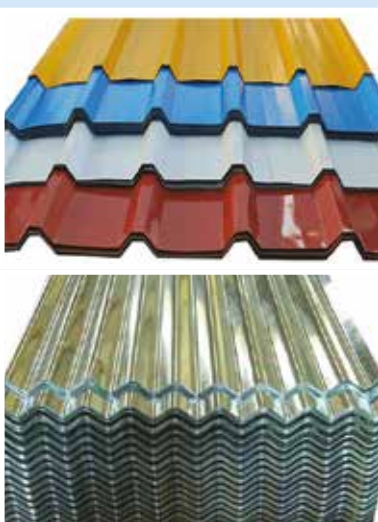

Thickness: 2mm to 6mm
Length: 4' * 8' & 4'*6'
Grade: AA1100/F

GI Grating Panel

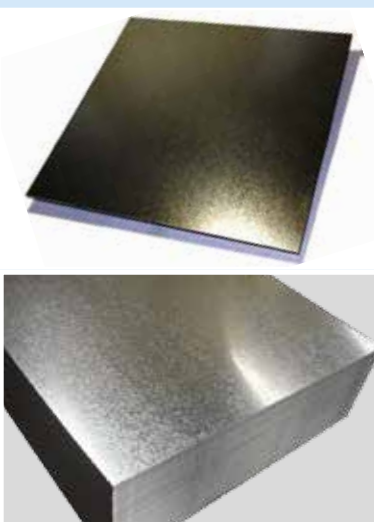

Size: Standard/Custom
Grade: ASTM A36/ ASTM A572

Profile Sheet

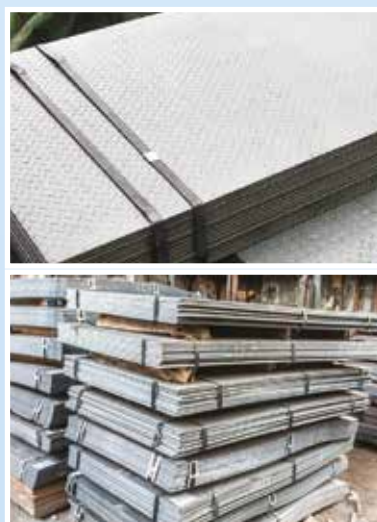

Type: GI & Aluminium
Size: 28G, 26G, 24G & 22G
Length: Custom made

GI Plain Sheet

Range: 10gauge to 28 gauge
Size: 4'*8'
Grade: ASTM A653

MS Plain & Chequered Sheets

Range: 2mm to 50mm (Plain Sheet)
2mm to 10 mm (Chequered sheet)
Grade: As per ASTM A36/ JIS G 3302
SGCC/ A653, S275JR
Size: 4'*8', 2*6mtr, 1.5*6mtr.

* Designs may vary

STRUCTURE STEEL

MS Beams

Size:
 Universal Beam-127*76 series to 762*267 series
 Universal Coloms- 152*152 series to 406*140 series
 HEA/HEB Section- 100 series to 700 series
 IPE Section- 100*75 to 550*210 series
 JIS I Section- 100*50 series to 500*100 series
 JIS H Section - 100 series to 400 series
 Grade: BSEN 10025 S235JR/10025 S275JR/
 ASTM A36/SS400/Q235B
 Length: 6 mtr & 12 mtr

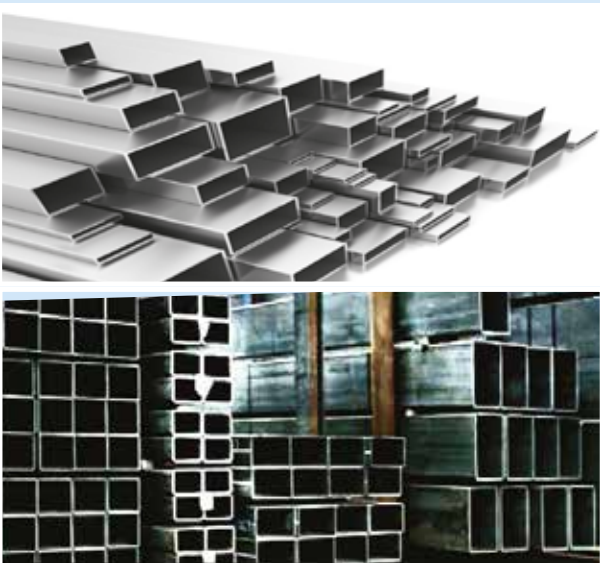

MS Channels

JIS Channels
 Size: 75*40 series to 300*100 series with various wall thickness
 Grade: As per JIS G3101-SS400/ASTM A36/EN 10025 S275JR
 Length: 6 mtr & 12 mtr

UPN Channels
 Size: UPN 80 series to UPN 400 series
 Grade: As per ASTM A36/EN 10025S275JR
 Length: 6 mtr & 12 mtr

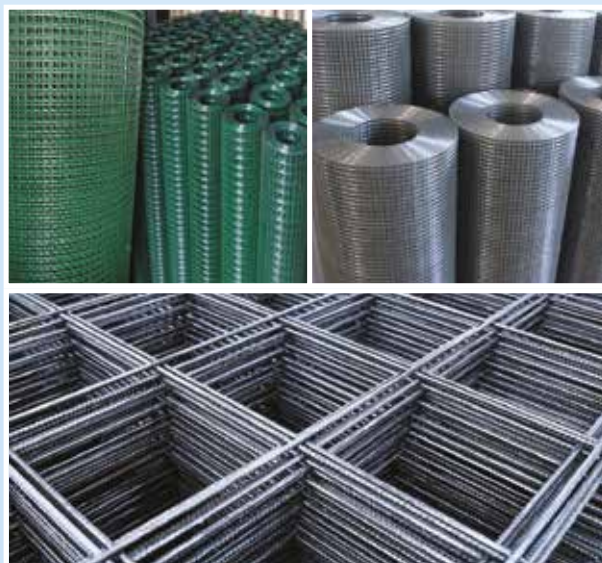

Hollow Section (SHS & RHS)

Range: CHS
 Size: 1/2" to 8"
 Grade: As per BS 1387/1985, Grade A & Grade B, & ASTM A-105 etc.
 Length: 6 mtr

Range: RHS/SHS
 Size: 13mm to 150mm
 Grade: As per ASTM A-536 - Grade A & Grade B, & ASTM A-105 etc.
 Length: 6 mtr

Welded / BRC Mesh

Size: 4' * 8' & 8' * 16' in different thickness
 Grade: BS 4449-2005/BS 4483-2005 & DIN 488

* Designs may vary

PIPES AND ANGLES

Pipes

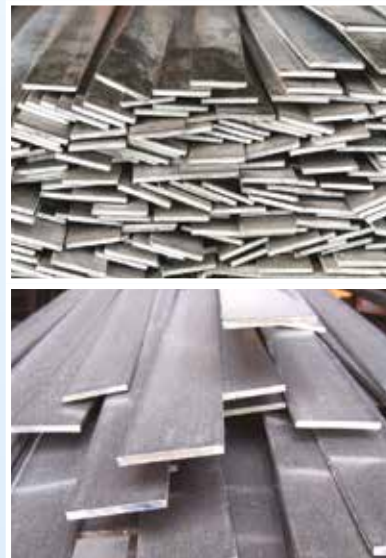

Range: MS, GI & Seamless
Grade: ASTM/ A1050/H14, BS 1387
End Type: Plain & Socket (Threaded)

Reinforcing Steel Bar

Size: 8mm to 32mm
Grade: As per BS & ASTM standards
Length 12 mtr

MS Flat Bars

Size: 12mm*3mm to 150mm *12mm
Specification: JIS G3101-SS400/
ASTM A36/EN 10025 S275JR

MS Shaft & Square Bars

Size:
MS Square Bars: 8mm to 100mm
MS Shafting Bars: 6mm to 80mm
MS Round Bars: 6mm to 80mm
Specification: JIS G3101-SS400 & JIS G3123-SS41

MS Angles

Equal Angles
Size: 25*25*2.5mm to
200*200*20mm
Grade: As per JIS G3101-
SS400/ASTM A36/EN
10025 S275JR
Length: 6 mtr

Unequal Angles
Size: 60*40*5mm to
200*100*10mm
Grade: As per JIS G3101-
SS400/ASTM A36/EN
10025 S275JR
Length: 6 mtr
